## EDUCATION

### Rajiv Gandhi Proudlyogiki Vishwavidyalaya

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Cgpa: 8.5

Mar 2020 – May 2024

### GreenLand High School 12th

Science

Per: 76

Mar 2019 – May 2020

## PROJECTS

### MovieFlixGPT | JavaScript, React, OpenAI, Firebase, Redux, Tailwind CSS

Preview

- Developed MovieFlixGPT, an interactive movie preview platform where users can explore detailed movie information and receive tailored suggestions using the OpenAI API.
- Integrated a search bar for users to easily find specific movies based on titles or genres.
- Integrated Firebase Authentication to manage secure user login and registration processes.
- Integrated a live movie API to dynamically fetch and display real-time movie data and details, keeping content fresh and relevant.
- Utilized ReactJS for building a responsive front-end interface, ensuring smooth navigation and engaging interactions across the application.
- Managed application state with Redux to facilitate efficient data handling and improve performance during user interactions.

### SummerLooks | React, JavaScript, API, Git

Preview

- Created SummerLooks, a platform for browsing and discovering trendy summer fashion styles for users.
- Used ReactJS to build a user-friendly interface, ensuring intuitive navigation and an engaging experience.
- Implemented a search functionality to help users quickly locate specific clothing items or styles based on keywords.
- Filter options that allow users to select clothing items based on their size preferences.
- Ensured responsive design principles to optimize the website for both mobile and desktop users, enhancing accessibility.
- Designed an appealing layout with vibrant visuals to enhance user engagement and attract more visitors.
- Utilized CSS animations and transitions to enhance the visual appeal and interactivity of the user interface.

## TECHNICAL SKILLS

**Languages:** Java, Python, SQL, JavaScript, HTML/CSS,

**Frameworks:** React, TailwindCSS, Figma

**Developer Tools:** Git, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

**Concepts:** DBMS, OOPS, DSA

**DataBases:** MongoDB, MySQL

## CERTIFICATIONS

### Java Standard Edition

Preview

*I've mastered fundamental programming concepts, equipping me to design robust applications and build scalable S/W.*

### Front-end Development

Preview

*Enthusiastic Front-End Developer skilled in HTML/CSS, and JS, a eager to build user-friendly responsive websites.*

### Hackathon

Preview

*"Led a successful hackathon team in Jaipur, fostering collaboration and delivering solution in a dynamic environment."*

## EXTRA-CURRICULAR ACTIVITIES

I have been to Jaipur for a Hackathon organised by PW Skills and the Rajasthan govt. and I Led a team and secured victories in a national level Hackathon in Jaipur, demonstrating leadership, problem-solving N passion for tackling challenges with creative solutions.
